

2018-2019 PTO Membership Drive

Welcome back! Our PTO Membership Drive is underway and our goal is to have all families join the PTO this year. There are no requirements for volunteering when you join, but your dues are important because they help fund many things throughout the school year. For example, this past spring, each student created a piece of art with the PACE artists and seed balls with the Acadiana Native Plant Project in science class! If you would like to know more about our PTO, please join us for one of our monthly meetings.

We have one level of membership to join the PTO. The level is family memberships (one fee per family).
